

Quickblade™

QBW-KIT

DO YOU HAVE YOUR SET TRAINING PACKAGE QUICKBLADE?

Your ultimate training tool to dramatically increase your sales dramatically.

In the same box, you will have the complete set of Quickblade products. An ultra efficient tool to easily and quickly present our product line as well as to make effective comparisons versus other existing models.

Due to the many varieties of wiper attachments on the market, many models are very complex and difficult to install. Some installers are not trained or educated on the technique of installing wiper attachments and the variety of wiper arms that exist.

Quickblade has reproduced the 7 most common wiper arms on the market in order to demonstrate to anyone that installation is simple and easy in seconds. The training package quickly builds installer confidence, increasing the desire and willingness to sell the Quickblade product with confidence and conviction.

With this sales tool, you will be guided and enlightened. We are confident that you will triple your QuickBlade wiper sales with tremendous success.

Request the Quickblade training package today.
